Sandra

Dear Sandra
I've been trying to think of what to write, and honestly, it's hard to put into words.

You've been such a special part of our team (silent partner), and your space has been empty for a while. You're not just a great colleague, but you're a genuinely wonderful person. You've always brought kindness, warmth and sense of calmness to the office, and that's something that can't really be replaced.

One of the things I'll always be grateful for is that you introduced me to Parkrun. It might have seemed like a small thing at the time, but it became something our family enjoys, and every time I do a Parkrun, I'll think of you. You leave little pieces of yourself with us that we'll carry forward and can't wait to see you back at the red bridge. You've been shown such incredible strength, even when facing things most of us can't imagine. Your courage and will to continue has been inspiring!

But for now, take this time to rest, focus on your recovery and your family. Thank you for your friendship, for the laughs and little moments.

You'll be missed more than you know.
With love and best wishes, Bianca ♡

Vivienne, I am absolutely heartbroken to hear the news of your mums passing 😞

I'll never forget the kindness she showed me throughout the years of friendship and especially during my visit to New Zealand. She was like a mother to me too and a phenomenal woman whose light will continue to shine through you ♡♡♡

Dear Sandra,
I will never forget the kindness you showed me when I first moved to NZ in 2001. You took me to my first Halloween trick or treating, fed me your special lasagne, and were brave enough to allow a gaggle of teen girls to stay over at your home. My favourite memory was going through your fashion and make up binders from South Africa with Viv!!! To me, you embodied all the aspects of modern womanhood that I wanted for myself.

They are special memories I have of you and your family that I will deeply treasure.

Wishing you so much peace and comfort.

Dear Aunty Sandra,
I thought of you as I'm trying to emulate you by sending gifts in the mail for the Tamworth niece/nephew birthdays. It meant so much to me getting parcels from you guys each birthday, especially as the rest of the international family dropped off quite quickly, but yours reliably arrives so thoughtfully every year, and for the next generation. Unfortunately my hand writing in the card is not as neat as yours!

Love Bianka (Niece) | Australia

I am so very sorry my dear friend. My heart is broken for you, Brian, Vivienne, Rowan and all who love Sandra. I feel so blessed to have known Sandra and to have shared very special times with you guys. I will treasure them forever. ♡🙏
